

Hog Roasts

The smell of a Hog Roast is irresistible, the meat is succulent & tasty and the crackling of a Hog Roast is just to die for. Whatever type of event you are hosting, a Hog Roast is the perfect solution. Don't worry about all you friends who are vegetarians, we'll take care of them too (or convert them!).

Whether it be a whole pig, a whole lamb or another meat of your choice, we will cook it on site, in our roaster, in front of your guests.
